

KEEPING ARIZONA SENIORS SAFE

HOME SAFETY PROGRAM

FREE VIRTUAL FALL PREVENTION AND SAFETY WORKSHOP

MAY 11, 2022 10:00AM

Each year over 3 million adults over the age of 65 in the U.S. are treated in the emergency department for injuries as a result of a fall (that's more than 1 out of every 4 older adults) (CDC, 2019). This fall prevention and safety workshop provides interactive and engaging education tailored to the older adult community. In this one hour workshop we will discuss potential dangers in the home and identify ways to make life easier and stay safe.

Topics Include:

- Fall Prevention
- Sun & Water Safety
- Motor Vehicle Safety
- Fire & Burn Prevention
- Medication Management & Poison Safety

This virtual workshop is brought to you by Banner Health experts from the Trauma Service Line at Banner - University Medical Center Phoenix and Banner Desert Medical Center, and Banner MD Anderson Cancer Center. This workshop is in partnership with the Banner Health Olive Branch Senior Center and Televeda.
